

JDGC Club Meeting 8/11/2009

We had our third club meeting of the year last Tuesday. This time we held the meeting at Del Rio to try and show support to local restaurants so hopefully they will do the same to us. The first thing we did was take a vote on three different agendas. The three agendas were:

1. Using club money to fund the installation of concrete tee pads on the 9 holes with dirt tee pads?
2. Using club money to purchase and install tee signs on the 9 holes without tee signs?
3. Renumbering holes 10-27 to create a continuous back 18 numbering system?

Before we voted an idea was to renumber the course so hole 10 would now be hole 1 and all of the holes would be renumbered 1-18 with the back 9 holes and then the old front 9 would now be 19-27 with hole 1 now being hole 19.

All three agendas were unanimously passed with the timeline still up in the air as to when they will get completed. If the JDGC can raise enough money for the upcoming 4 States Open tournament, then we will use the allocated funds before the 4 States Open so the tournament will have new tee pads and new tee signs on the back 9 holes.

The other thing talked about was the need of more sponsors for the 4 States Open tournament. We have more sponsors than we've ever had in the past already, but we still need more to make this the best tournament yet.

The last thing talked about was that league will be in Neosho the next two Tuesday nights in preparation of the Little Big Show tournament on August 29 at Morse Park North.
